TERMS AND CONDITIONS

Custom CraftTM
Distribution, Inc.

ORDERS:

All orders must be received via fax or email and are subject to acceptance. An order acknowledgment will be faxed or emailed within two (2) business days. Errors or omissions within the acknowledgement are the responsibility of the customer. Acknowledgments will list shipping date which is the estimated date your order will ship. Every effort will be made to meet this date but it is not a guarantee. All fencing is made to order and is subject to lead times in effect at the time of order.

SHIPPING

All shipping is FOB Origin. Shipping charges will be shown on our order acknowledgment. Refer to Freight Schedule for standard shipping charges.

DAMAGES AND SHORTAGES:

Please immediately inspect all product received for damage or shortage. Visible damage or shortage must be noted on bill of lading. Hidden damage or shortage must be reported to Custom Craft Distribution, Inc. within two (2) business days of delivery.

RETURNS:

All returns require an RMA number from Custom Craft. Items may be returned within 90 days from purchase date if they are unopened, undamaged, and in resaleable condition. **Fencing, non-stock, or special order items may not be returned. Parts, pieces and discontinued items may not be returned.** Credit will be given at the invoice price **less a 25% restocking fee.** All return shipping charges are the responsibility of the customer. Credit will **NOT** be issued for any opened, used, damaged products, or for any kit parts and pieces. Items not returnable that are delivered to Custom Craft will be disposed of at Custom Craft's discretion.

TERMS AND CREDIT:

Standard payment terms are Net 30 days from invoice date. Past due accounts may incur a service charge according to the terms and conditions of your account. Customer credit approval is required prior to order processing. Failure to maintain terms will result in the suspension of credit.

PRICES AND AVAILABILITY:

Prices and availability are subject to change without notice. The possession of this catalog by any firm or individual should not be considered an offer to sell the products listed or at the prices specified herein.

DISCLAIMER OF WARRANTIES:

The written warranty of the manufacturer of any product described herein will be assigned to the buyer. Custom Craft is not responsible for the manufacturer's compliance with any or all of the terms of its warranty.

ADA Handrail	14
Railing Overview	15

If you're dreaming of beautiful, restful outdoor living spaces, Key-Link's low-maintenance aluminum railing is one way to make that outdoor dream a reality. With our wide variety of colors and styles, you're sure to find the perfect railing for your home. Key-Link aluminum railing is engineered to exacting standards and fabricated in the USA to provide long-lasting beauty, durability, and safety. Both top and bottom rails contain vinyl channels to help secure the balusters and limit metal-on-metal rattling. Discover why more and more homeowners and contractors are choosing the benefits of Key-Link Railing.

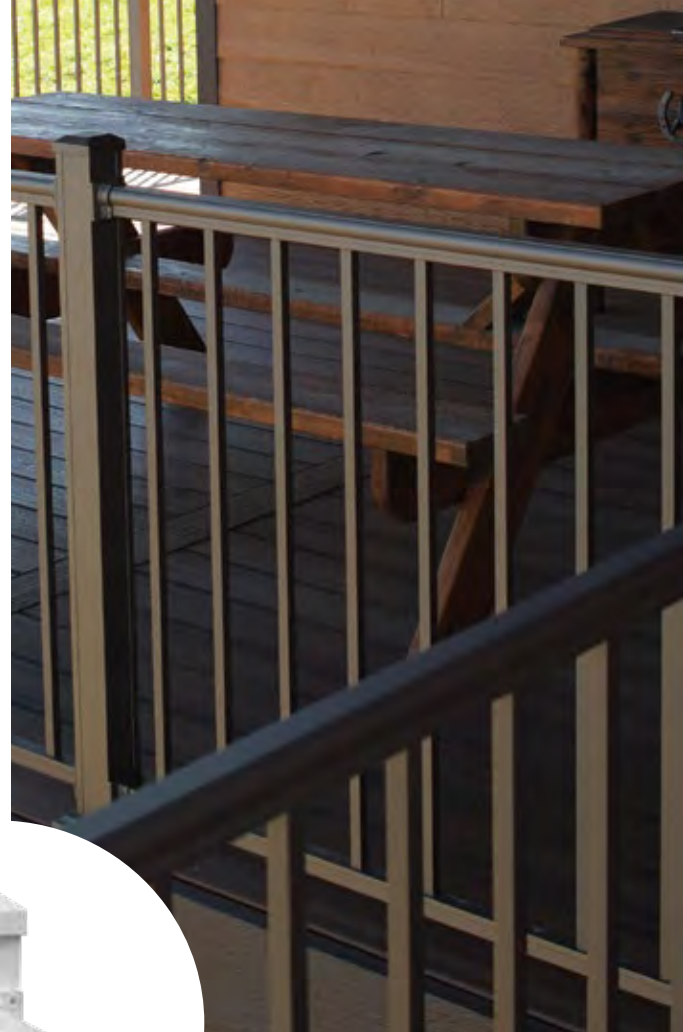

Powder Coating for Durability

Each piece of our aluminum rail is expertly coated with AAMA 2604 powder coating for resistance to sun, heat, and humidity. This powder coating is one of the most economical, longest-lasting, and color-durable finishes on the market today. AAMA 2605 coating is available for architectural projects that require long-term cosmetic and functional protection.

AMERICAN SQUARE SERIES

Smooth and Transitional

The American Series with $\frac{3}{4}$ " square balusters and transitional style flat top rail is perfect for both contemporary and traditional homes. Optional deck-board brackets are also available for mounting deck boards on top of the rail and over the posts. With three standard colors and eleven special order colors available, you can design a distinctive rail that suits your style.

AMERICAN CABLE SERIES

State-of-the-Art Style and Convenience

The fresh, modern style of Key-Link American cable rail makes this a popular choice with homeowners while the horizontal pre-drilled posts and pre-installed cable fittings make it popular with installers. Even the horizontal cable corner posts come with unique curved fittings pre-installed so that only one post in each corner is needed – no double corner posts! The vertical cable railing also comes with all cable pre-installed to speed installation. All cable is made of high-quality 316 grade stainless steel for years of trouble-free performance.

CABLE RAIL FITTINGS

Upgrade to Cable Rail and Enjoy Your View

Key-Link wood-to-wood cable rail fittings for both new construction and retrofit projects are a great choice when working with wood or wood sleeved composite and vinyl posts. The simple installation makes Key-Link cable fittings an easy choice. Perfect for both interior and exterior use.

Level and stair fittings available.

SEE YOUR BACKYARD IN A **NEW LIGHT**

Create stunning focal points while adding atmosphere to your backyard or deck area. Placid Point Lighting allows you to transform and creatively illuminate all types of outdoor spaces and improve your outdoor enjoyment.

Placid Point's LED's emit a warm white light providing just the right ambiance while adding safety and security to any outdoor area. Our energy efficient circuit boards are seal coated to maximize longevity and provide superior protection against the elements.

We also offer post caps with no lights to complement the product line and create an economical price point for lighting projects.

42" Railing

Features:

- Regal Aluminum Railing top and bottom rail for use with square pickets, wide pickets, decorative pickets and glass panels.
- For use with 36", 42" & 60" (wind wall/pool railing) Regal Aluminum Railing systems.
- Patented lock-in picket system allows pickets to be quickly installed without the use of fasteners and bottom rail support.
- Constructed of high strength aluminum alloys to meet or exceed national building codes.
- Premium UV powder coated finish provides maximum durability and low maintenance.
- Twenty year limited warranty on components and ten years on finish.

Top & Bottom Rails

WOOD RAILING SYSTEM

Wood Railing System

Features:

- Choose from Classic Round or Flat Curved pickets.
- Picket systems for 36", 42" and 46" railing heights.
- Pickets come in a textured black powder coat finish.
- Low maintenance product made of 100% aluminum alloy that will never rust.
- Can be used with wood and composite materials.

Round Balusters - for use with wood or composite materials

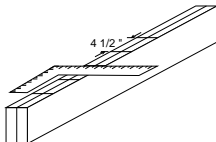

Item #	Description	Qty	Price	
17210	26" Round Balusters - WPR26 (For 36" Railing) • Each package of 10 pieces will fill approximately four lineal feet of railing if balusters are spaced 4" o/c	10/pkg		 26" 32" 36"
17216	32" Round Balusters - WPR32 (For 42" Railing) • Each package of 10 pieces will fill approximately four lineal feet of railing if balusters are spaced 4" o/c	10/pkg		
17220	36" Round Balusters - WPR36 (For 46" Railing) • Each package of 10 pieces will fill approximately four lineal feet of railing if balusters are spaced 4" o/c	10/pkg		
17601	Horizontal Connectors - WHCR (For use with WPR's above) • <i>Fasteners Included</i>	20/pkg		
17605	Stair Connectors - WSCR (For use with WPR's above, designed for 35° angle) • <i>Fasteners Included</i>	20/pkg		

Available Color: (TBL) Textured Black

STEP 1

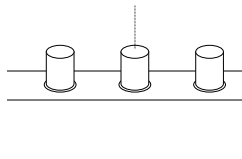

Measure opening between posts and cut top and bottom rails. Deduct $\frac{1}{2}$ " from each rail if using rail brackets to secure the rails to posts.

Mark both rails at same time, 4-1/2" on center, to ensure balusters are plumb

STEP 2

Using the screws provided, attach the connectors on each mark on rails.

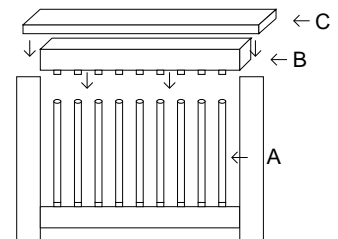

STEP 3

A- Secure bottom rail to posts and install balusters onto connectors on the bottom rail.

B- Place top rail over balusters ensuring connectors are fully seated in each baluster. Secure top rail to posts.

C- Install cap rail to finish.

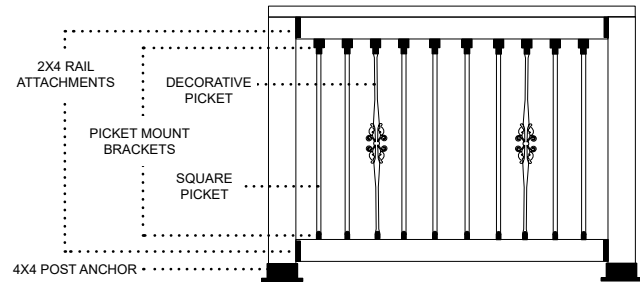

Regal ideas

WOOD RAILING SYSTEM

Wood Railing System - Using Regal Aluminum Pickets

Features:

- Regal Ideas railing adapters allow you to use any of the picket styles for your wood or composite railing system.

Our Story...

Innovation runs deep at Regal Ideas. Over 30 years ago, the company opened its doors with one product line, Regal Aluminum Railing. Today, Regal ideas is the industry leader and has become the largest and most renown brand of aluminum railing in North America and around the globe.

From Inspiration to Innovation to Safety and Durability, Regal Ideas spends an extensive amount of time researching, developing and evolving it's product mix to bring innovative products that inspire homeowners, contractors and architects.

Inspiring Homeowners, One Deck at a Time

How do we manage to continue to innovate and inspire? We partner with todays most inspiring Celebrity Deck Builder, Paul Lafrance.

“Regal ideas passion for innovation, quality and service are next to none. I have been using the Regal ideas products for many years on my projects, and they still look as good as the first day they were installed. As a homeowner, I appreciate the ease of installation and the low maintenance of the product. From a contractor’s perspective I value the reduced amount of time it takes to complete a job.” -Paul Lafrance

Create the Relaxing Outdoor Living Space You've Been Dreaming Of...

With a variety of appealing styles and on-trend colors, Superior Railing is the preeminent choice for anyone looking to design a custom outdoor retreat.

Property owners appreciate the low-maintenance style, beauty and added value that Superior Railing brings, while contractors like the conveniently boxed sections and the quick install requiring only standard tools.

For more than 25 years, Superior Systems has been making railing at our plant in Lancaster County, Pennsylvania. We start with powdered resin, extrude the vinyl, and fabricate and ship the product. Because we control the entire production process, you can be confident that our railing is built to "superior" standards from start to finish. Each piece of our railing is made from high-quality vinyl that will not split, crack or rot, and both top and bottom rail contain an aluminum channel reinforcer for long-lasting strength.

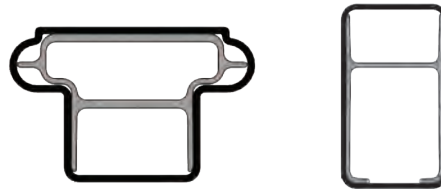

200 SERIES

Affordable Elegance

Bring affordable style and safety to your porch or deck without sacrificing performance. The reliable 200 Series increases your home's value and adds low-maintenance security and comfort to your outdoor living.

PROFILE

RAILING COLORS

SEE YOUR BACKYARD IN A **NEW LIGHT**

Create stunning focal points while adding atmosphere to your backyard or deck area. Placid Point Lighting allows you to transform and creatively illuminate all types of outdoor spaces and improve your outdoor enjoyment.

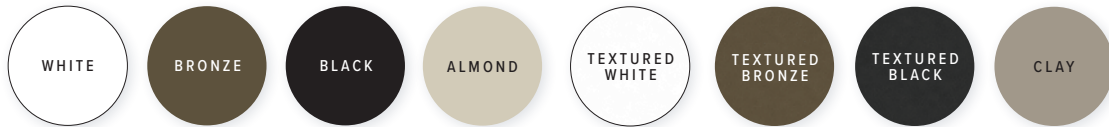

Placid Point's LED's emit a warm white light providing just the right ambiance while adding safety and security to any outdoor area. Our energy efficient circuit boards are seal coated to maximize longevity and provide superior protection against the elements.

We also offer post caps with no lights to complement the product line and create an economical price point for lighting projects.

PLACID POINT OUTDOOR LED LIGHTING

DIE-CAST & POWDER-COATED LIGHTS
FOR POSTS, STAIRS & DECKS

placidpointlighting.com

SEE YOUR BACKYARD IN A **NEW LIGHT**

Create stunning focal points while adding atmosphere to your backyard or deck area. Placid Point Lighting allows you to transform and creatively illuminate all types of outdoor spaces and improve your outdoor enjoyment, all while increasing your home's curb appeal and value.

Placid Point's LEDs emit a warm white light, providing just the right ambiance while adding safety and security to your outdoor living. From our Samsung LEDs to our quality Molex waterproof connectors, Placid Point Lighting is engineered to bring beauty that lasts.

NOW FEATURING

Brighter Lights and an Easier-to-Operate Control Hub!

ENERGY EFFICIENT

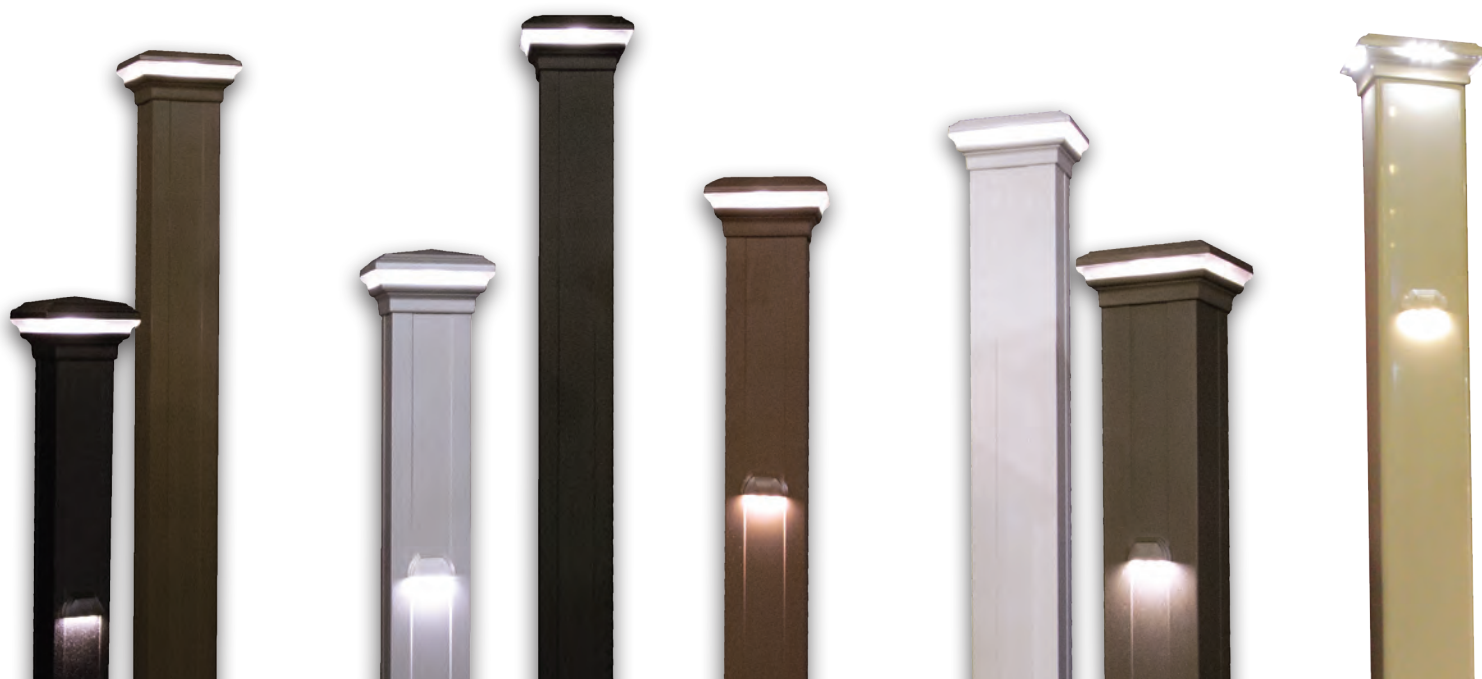

All of our lighting products have been designed to promote cost savings and environmental sustainability. The long-lasting LEDs in our Downlights and Post Cap Lights offer a low wattage, eco-friendly approach to safety and accent lighting without sacrificing brightness.

PROPRIETARY CONTROL HUB

Our proprietary control hub is easy to use and comes in an aluminum housing color matched to your lighting package. It gives you all the features you need for a customized lighting experience. You can control the brightness, set your lights to stay on for any length of time or use the default dusk til dawn setting.

SEAL-COATED PROTECTION

Each unit's circuitry is seal-coated with conformal coating to help maintain the product's original condition and maximize longevity. The coating prevents corrosion by creating a barrier between the electrical components and the elements. That means this unit will maintain its superior functionality for years to come.

MADE IN THE USA

Placid Point Lighting products are proudly designed and manufactured in the USA to ensure a quality fit and finish.

ILLUMINATING YOUR OPTIONS

These durable powder-coated, die-cast aluminum products are made with corrosion-resistant protection against the elements. Each one can be powder-coated in any one of the 15 colors available.

LAWN AND GARDEN

SUPERIOR PERGOLAS

High-quality structural vinyl pergolas with a variety of sizes, colors and styles available.

What is a Pergola?

A pergola is an outdoor structure comprised of wood, vinyl or aluminum and used to define an outdoor space with select variations of shade or privacy. Pergolas are also a practical solution for protecting a homeowner's outdoor space from direct contact with the elements.

How are they typically used?

A pergola can be either free-standing or attached to your home over a patio or deck. Attached pergolas function more as an extension of your home and extend out directly from the wall of your house, usually centered over a patio door that opens up to your outdoor living space. A homeowner can install a free-standing pergola just about anywhere, including patios, decks, yards, and gardens.

-

TRELLISES

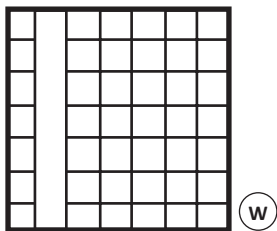

A Breath of Fresh Air

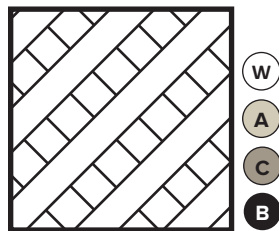

Superior's lattice products are perfect for use on outdoor projects that require a semi-private screen or dividing panel. Vinyl lattice is far superior to traditional wood lattice, since neither poly nor vinyl lattice will separate, split, or splinter, and it will never need to be sealed or painted. C & H-channels available for finishing.

Performance Meets Style and Beauty

Discover the Superior possibilities! Whether you're looking for increased security, more privacy, or simply something to make your space your own, Superior Fencing has what you need. Choose from a wide variety of styles and colors to create a relaxing outdoor living space tailored specifically to your tastes.

For more than 25 years, Superior has been making fencing at our plant in Lancaster County, Pennsylvania. We start with powdered resin, extrude the vinyl, and fabricate and ship the product. Because we control the entire production process, you know our vinyl fencing is built to the highest-quality standards from start to finish.

New England Picket Fence in White

PICKET FENCE

For Timeless Charm

Create inviting outdoor spaces or accentuate your yard with Superior's picket fence. Our picket fences are both appealing and functional, so you don't have to sacrifice looks for security. Three of four styles come with routed pickets, for a "neighbor-friendly" fence that looks the same on either side.
